## Summary

Hi there! I'm an aspiring cyber security who loves finding patterns and connecting dots: be it ideas from different industries, people from different backgrounds and teams, or applications from different industries. I have strong technical skills, particularly in cyber security and digital forensics, and an academic background in MPC, engineering.

I love to solve CTF problems with a variety of tasks ranging from a scavenger hunt.

I am currently a student at VIT Bhopal University working on earning my degree in Cyber security and digital forensics.

I'm graduating in 2024 and I'm interested in a Cyber security full-time Job. Please feel free to get in touch with me via the website at <https://linktr.ee/GSharanRaghav>
